

Estimating Your Carriage Charge...

Some of you will have an idea what certain types of goods weigh or how large they are; the following guide has been compiled to give an approximation of the carriage you will be charged. You can always ask for a carriage quote [here](#) if you need one!

Please bear in mind that we will always send goods using airmail not surface mail for Royal Mail, and they will be packed as economically as is sensible.

N.B. We will not mark customs declarations (CN22/23) as 'Gift' and the price declared will be the net goods total. Carriage charge will be shown separately.
